

COVID-19 WORKSITE HEALTH SCREENING TOOL

To prevent the spread of COVID-19 and to reduce the potential risk of exposure to the workforce, please conduct this questionnaire, daily, at designated entry points, prior to accessing the site. This health screening questionnaire applies to all trades, suppliers, union reps, employees, etc.

Health Screening is voluntary; however, any person who refuses to answer screening questions will be denied access to our work locations – without exception. Complying with our safety measures is in the interest of ensuring worker safety.

SCREENING SET UP STATION

1. In order to protect the person conducting the screening, each person who is screening others must wear, at a minimum, gloves, a mask and safety glasses.
2. A barrier (i.e. table, cones, etc.) must be in place to keep a safe distance of 2 meters (6 feet) between each person being screened and the person screening.
3. As each person is ready for screening, they are to approach the barrier.
4. Each person in the line must be a minimum of 2 meters (6 feet) apart from each other.

SCREENING PROCESS QUESTIONS

Workers should be asked these questions in a manner that respects their privacy. Please devise a process at your location where workers do not easily overhear co-workers who voluntarily divulge personal medical information.

Each person will be asked 5 questions:

1. Are you currently experiencing any cold or flu-like symptoms? Such as:
 - Shortness of breath or trouble breathing,
 - Cough,
 - Fever,
 - Sore throat,
 - Severe fatigue, or
 - Runny nose.
2. Have you been in a group setting in Manitoba in the last 14 days where someone has been confirmed to have COVID-19, such as at a large meeting or event?
3. Have you travelled outside of Manitoba within the last 14 days, excluding personal travel to border communities?
4. Have you had close contact (face to face contact within 2 meters/6 feet) with a person who travelled outside of Manitoba during the last 14 days and who has become ill (cough, fever, or sore throat) since returning?
5. Have you or anybody in your home had close contact (face to face contact within 2 meters/6 feet) with someone who is being tested for COVID-19 or who has been diagnosed with COVID-19 within the last 14 days?

If the answer is YES to ANY of the above questions, please document, notify the individuals supervisor and send the person home immediately to self isolate.
